

INCIDENT REPORT · YOUR CASE FILE

OPEN YOUR OWN CASE.

Something takes a little from you every month. No one breaks in. Nothing goes missing all at once. This file helps you find it.

MISSING

?,???.??

STEP 1 · THE SCENE

SEARCH THE SCENE.

Footage made with AI.

Take one month and go through it, line by line. You're looking for anything that comes back: every week, every month, every year. None of it will look like theft. That's how it works.

WHERE IT HIDES

Bank statement · Card statements · Your phone's subscriptions · Payment apps · Your inbox · Bills you already pay

EVIDENCE LOG · CASE 01 — THE FIRST EXHIBIT

EXHIBIT A — The app I forgot — €23.99

Found on the floor. Charged monthly. Never opened.

Yours will look just as harmless.

ONE RULE

This file never needs a card number, an account number, a password or a PIN. Don't write any of them in it.

STEP 2 · THE EVIDENCE

LOG THE EVIDENCE.

One line for each charge that comes back. Write what it costs in a month: weekly × 4.33, yearly ÷ 12. Any currency.

SUSPECT

UNKNOWN

Never takes much. Never all at once. New suspects arrive quietly, so open this file again next month.
